

Dear Admissions Committee,

I am writing to request a waiver of the English language proficiency requirement for my application to the Master's program. My entire academic career, from primary school to my current Master's program, has been conducted in English, and I am confident in my ability to excel in an English-language academic environment.

I have been immersed in English language instruction throughout my academic journey. I completed my undergraduate studies in Electronics and Telecommunication Engineering at [University of Rwanda], where all of my coursework was conducted in English. Furthermore, I am currently pursuing a Master's degree in Artificial Intelligence at AIMS Senegal, an institution where English is the language of instruction.

I have also completed various internships and work experiences in English-speaking environments, where I was required to communicate effectively in English. My strong academic and professional background in English-language instruction has given me the necessary skills to succeed in an English-language Master's program.

Given my extensive experience with English language instruction, I respectfully request that the English language proficiency requirement be waived for my application to the Master's program. I am confident in my ability to thrive in an English-language academic environment and look forward to contributing to the vibrant academic community.

Thank you for considering my request. Please do not hesitate to contact me if you require any further information or documentation.

Sincerely,

Muhirwa Salomon
