Subject : requesting a recommendation that I completed all modules

Dear Dean

I am writing to request a recommendation from the University of Rwanda, College of Science and Technology That I completed all modules. I am a former student of year 4 ETE and am currently pursuing a Master's degree in Machine Intelligence at the African Institute for Mathematical Sciences (AIMS) in Senegal.

As my current institution requires that a scholar may have completed a bachelor degree, I kindly request this recommendation while I am waiting for the graduation.

Thank you for your time and attention to this request. I appreciate any assistance that you can provide in this matter.

Sincerely,

•
