

## RECOMMENDATION FOR “**Mr. Salomon Muhirwa**”

---

This letter serves to recommend **Mr. Salomon Muhirwa** who has been my student. I came to know Mr. Salomon when I was teaching the module of Telecommunication networks in third year and Mobile Communications in fourth year of undergraduate studies at the University of Rwanda, College of Science and Technology (CST). Mr. Salomon was one of my best students and he had a sense of motivation and competences to undertake the courses related to Telecommunication systems. He was also an active member in students’ working groups for assignments and project development. Finally, due to his hardworking and understanding the content of the courses, Mr. Salomon got the best grade.

Therefore, once he can be given an opportunity to pursue masters’ studies and other trainings, I hope, he can complete them with success.

Yours Sincerely,

Dr. Omar GATERA, Ph.D.

Lecturer & Head of PhD studies and Research at the ACEIoT

College of Science and Technology

University of Rwanda
